### **CE REQUIREMENT REPORTING ERROR**

In the January 2012 Newsletter, it was **erroneously** reported that the continuing education requirement would be 20 hours. The error came about in the transfer of the ballot results from a single column document to the two column Newsletter document. The **correct** number of continuing education hours is **10 hours per year over a 3-year average.**

The continuing education requirement, as adopted by balloting, has been posted in our AIMA Bylaws under Article 2.5.3 for those interesting in viewing it first hand.

Your Editor regrets this reporting error and hopes that no Member was stressed out because of it.
